Warner Park Nature Center is open
Tuesday-Saturday, 9 a.m.-4 p.m.

Percy and Edwin Warner Parks are open
7 days a week from sunrise to 11 p.m.

Spring is in the Air

Can you sense it? Winter's grip is slowly easing and the first signs of spring are wispings through the trees. The birds are flitting around excitedly, lush green shoots are beginning to push their way above the dormant ground, and salamanders are rippling the surface of the ponds.

With the awakening of all living things in the park, we too are preparing a multitude of fun activities and educational opportunities for all ages.

Choose from a plethora of events including workshops and webinars, spring break programs, wildflower walks, bird hikes, and on your own activities. We are certain there is something for you!

All of the details can be found inside. Remember to register by emailing WPNC@Nashville.gov or calling the Warner Park Nature Center at 615-862-8555.

We look forward to seeing you soon as we celebrate the new season!
